

THE COOLER CAFE

Self-Pay Market

Simple. Versatile. Secure.

Simple. Versatile. Secure.

Why is a Cooler Café right for your location?

Take a look at our favourite features:

1.) 10" ELO Touchscreen, for easier than ever purchasing. Using 32M software we think this is the easiest kiosk ever, with the checkout process being simply choose your products, pay, then collect your purchase and enjoy! **Or try our mobile app!**

2.) Nayax card reader, if you already use Nayax you know why they are our #1 choice. Plus as a Nayax user, set up of the Cooler Cafe is even more simple! Not a Nayax user, we guarantee you'll love their simple contracts and top-notch security.

3.) Norm Technology Coolers: Our custom-designed coolers we're developed specifically with vending operators in mind. Black on Black interior and exterior for a classic look, that helps to keep your coolers "filled" appearance in between visits. Norm Tech also boasts a Carel refrigeration control, and enhance LED lighting that is second-to-none in the industry.

4.) 32M SmartLock: Our SmartLock was created specifically for our Norm Tech coolers. Check out the amazing benefits of the SmartLock with smartphone accessibility, temperature monitoring, and safety features in case of a worst-case scenario.

5.) High-end Cabinetry: we create custom cabinetry options for you based on your specific needs. Choose your cabinetry colours and looks, even try mix & matching your finishes for a totally custom look. Your location is unique, you should have a custom solution tailored to you.

6.) Custom Graphic: We believe in you promoting YOUR brand at your locations. But we think our Cooler Cafe's have a great presence and you are welcome to use our customised branding as well!
